Canada Cartage Employee Number(s): 99999

Dear JANE DOE

You are receiving this letter because you had earlier been identified as a Class Member in the certified class action *Baroch v. Canada Cartage* (Court File No.: CV-13-492525-CP). The Ontario Superior Court of Justice approved a settlement of the class action on November 1, 2021. You may review more information about the class action settlement and copies of the Court's orders at [www.canadacartageclassaction.com](http://www.canadacartageclassaction.com).

The settlement compensates Class Members for alleged unpaid/underpaid overtime hours worked at Canada Cartage and related companies<sup>1</sup> for the period of March 1, 2006 to June 3, 2021.

Upon further review of records provided by Canada Cartage, we have concluded that you were wrongly included in the earlier list and mailing and that **you are not a Class Member**.

To be a Class Member, one must have been employed by Canada Cartage and/or affiliated companies between March 1, 2006 and January 30, 2015 and have been entitled to receive overtime compensation under the Canada Labour Code and its regulations. This does not include working for Canada Cartage through an agency, as an owner-operator or broker, or in a managerial or unionized role. Anyone who opted out of the class action is also not a Class Member.

If you believe that you satisfy this definition and therefore are a Class Member, then please contact us with any supporting documents (pay stubs, offer letters, etc.) You can contact RicePoint Administration Inc. by phone at 1-888-713-5220 or email at [canadacartage@ricepoint.com](mailto:canadacartage@ricepoint.com).

If you are currently employed by Canada Cartage, please do not direct any questions about the settlement or this letter to your manager or Canada Cartage's human resources team. This process is entirely administered by RicePoint under supervision from Class Counsel.

Best Regards,

*RicePoint as Claims Administrator*

<sup>1</sup> These companies include Canada Cartage System Limited Partnership, Direct Limited Partnership, and Sonar Limited Partnership.
